OUR PRICING POLICY

The Argos prices shown in this catalogue are generally compared with Recommended Retail Prices provided by our suppliers.

Where Recommended Retail Prices are not available at the time of going to press, they have, where possible, provided Suggested Retail Prices.

All sizes, weights and capacities are approximate. It is possible that descriptions may have changed if the supplier, for instance, has altered his specifications or that there has been a change of the supplier after the Catalogue has gone to press.

This catalogue, effective from August 4th 1986, supersedes all previous catalogues or brochures and remains in effect until further notice.

Prices stated in this catalogue were established during May 1986.

Information is compiled with all possible care, but the publishers do not hold themselves responsible for errors or omissions.

NO HIDDEN EXTRAS

Argos prices already include VAT so there are no 'Hidden' extra costs to pay. Because our prices are low you pay less VAT. Our trading policy is to provide you with big savings on everything we sell, but in the event of changes in the rate of VAT, or for any other reason beyond our control, we may have to make adjustments, so please check the Reference Catalogue, in your Argos Store.

ARGOS BUDGET ACCOUNT

With an Argos Budget Account, no deposit credit terms are available up to 24 times your monthly repayment.

For example, a monthly repayment of £10 gives you credit of £240. Interest of 2.35% of the balance outstanding will be charged to your account each month. APR 32.1% (Banker's Order/National Giro Order repayment).

The Argos Budget Account is an ideal way to pay when wishing to spread your payments over time, particularly on say Audio, Hi-Fi, TV or Jewellery.

Interest rates quoted are correct as at May 1 1986 but may vary. The current rates are available from any Argos Store.

Now you can choose telephone products in the same way as you choose all your other household items. You buy your telephones outright and you only pay rental on the exchange line.

All Argos telephones are fully approved for use with British Telecom systems. They plug straight into the new style B.T. jack-socket. What if you don't have the new style British Telecom jack-socket? Simply telephone your local B.T. sales office and they will arrange for installation. They will convert all your existing telephone connection points to the new jack-socket system for a small charge.

The number of telephones you can connect to a line is determined by the 'Ring Equivalent Number' (REN) of each telephone you wish to connect. The maximum REN for a B.T. line is 4. This means for example, that a maximum of 4 telephones each with a REN of 1 could be connected to the same line.

Remember, when you buy your phone, you only pay rental on the exchange line.
